As the only comprehensive university in northern KwaZulu-Natal, our undergraduate and postgraduate programmes have been specifically designed to develop students into socially responsible, highly skilled, productive and globally competitive citizens.

The University's KwasDlangezwa Campus provides mainstream courses across the Faculties of Arts, Education, Science and Agriculture, and Administration, Commerce and Law. While the Richards Bay Campus provides vocational and technical courses that are focused on development of the local and national maritime sector and industry skills needs.

Since its establishment in 1960, UNIZULU's scope has diversified, attracting a large number of international scholars and student participation in its international engagements with universities and research institutes across Africa, Europe, United States, Asia and Australia. International students are provided with social and academic support, ensuring a smooth integration into the UNIZULU Community. External engagements are focused on capacity-building and promoting innovation and entrepreneurship through local and international research collaborations and partnerships. The University offers more than 250 programmes in various fields.
